Chief, Civilian Personnel Division Defense Intelligence Agency Department of Defense Washington, D. C. 20301

Dear

This will reply to your letter of August 18 and memorandum of September 11, 1964, asking that appointments in your agency which are made under section 213.3106(a) of the regulations be exempted from the appointment procedures prescribed for excepted positions in Subparts C and D of Part 302 of the regulations.

It is our understanding that your request for approval to make appointments to Schedule A positions under the procedures specified by Section 302.101(d)(6) means that you will give veteran applicants first consideration for every position for which they are qualified, cleared, and available and that you will follow the requirements of Section 302.101(d)(6) by making available to any non-selected veteran, at his request, a copy of the reasons for his non-selection.

The Commission has, therefore, approved exemption from the procedures, of Subpart C and D contingent upon your continued observance of the requirements of Section 302.101(d)(6) with respect to following the principles of veteran preference as far as administratively feasible and, on request of a qualified and available preference eligible, furnishing him with the reasons for his non-selection.

By direction of the Commission:

Sincerely yours

O. Glenn Stahl

Director.
